

# EAR TIP TEMPLATE

**Cut template out of clear template plastic, available at craft and sewing stores. Cut hole at center for crop line. Trace copy onto template using a permanent waterproof marker.**

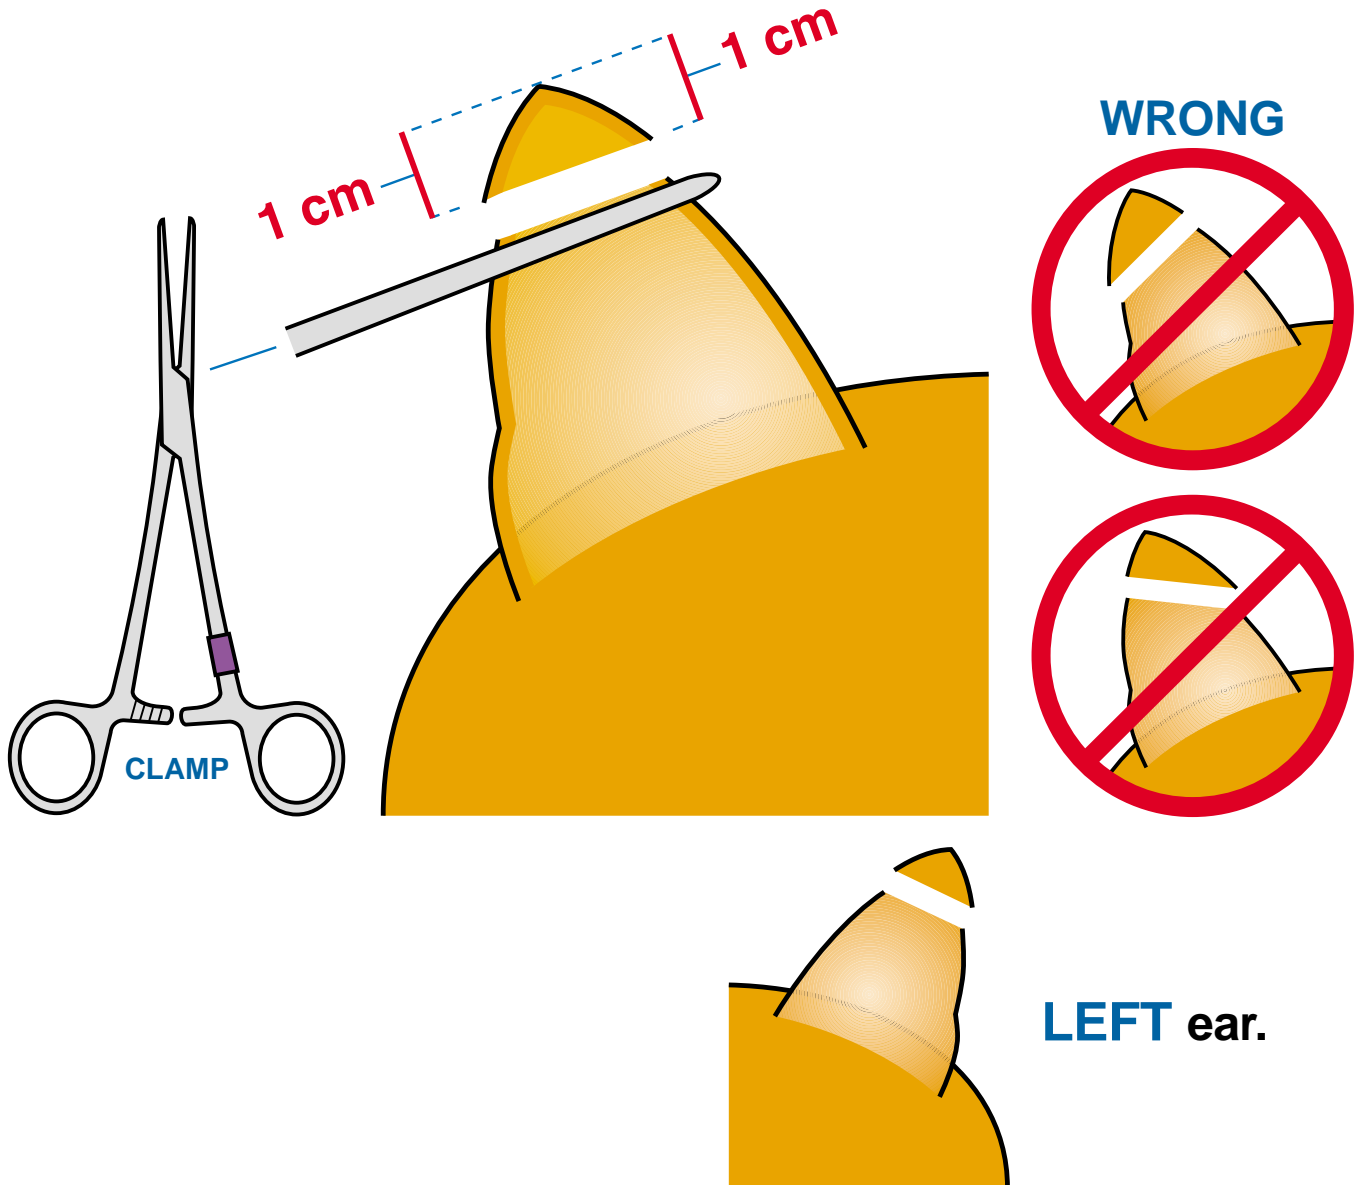

**To use, place template over ear of cat and draw a crop line with a ballpoint pen.**

# EAR TIP CROP

Crop must be **EQUAL LENGTHS** on both edges... exactly **1 cm** per edge on adults; proportional on kittens.

---

---

## PROTOCOL

1. Mark crop line with template.
2. Clamp directly below crop line.
3. Crop ear tip using serrated/ear crop scissors.
4. Leave clamp on ear until cat is returned to carrier.
